Kellfri designs and delivers efficient and affordable machinery and components for forestry, agriculture, construction and gardening in Sweden, the rest of the Nordic countries and Europe.

Please note that the information in this document is general information and some information may not be applicable to your product. We therefore recommend that you always read and follow the safety information and instructions.

Kellfri disclaims any possible misprints in this document.

INTRODUCTION

Thank you for choosing a product from Kellfri AB. By following the general safety information and the instruction manual and by using common sense, you will have a great and safety use of your Kellfri product for many years. Kellfri designs and delivers effective, affordable machinery and components for forest, agriculture, construction and gardening in Sweden, other Nordic countries and Europe.

PRODUCT INFORMATION

Kellfri's Cavaletti Jump is excellent for different training exercises and as an obstacle. You have three different heights for the pole, depending on how you set the jump, 15, 30 or 45 cm. The bracket for the pole is 10 cm ø. The Cavaletti jump is equipped with a lock bolt to keep the pole in place. A robust and sturdy metal support that withstands hard impacts, Hot-dip galvanised surface to cope with the elements. Easy to pile on top of each other and doesn't take up much space for storage.

ENTENDED USE

Kellfri's cavaletti jump is only inteded to be use together with a suitable pole.

TECHNICAL DATA	28-CVB
Length	500 mm
Width	500 mm
Height	100 mm

SAFETY INFORMATION

Before using the product, please read the safety information and instruction manual and understand its contents for your own and others' safety. Always keep the safety information and instruction manual easily accessible to the user of the product. Remember that it may be good for your own and others' safety to read the safety information every now and then. If the instructions manual is damaged or otherwise unusable, please contact your retailer and order a new one

The general safety instruction is also available from Kellfri's website: www.kellfri.com
Do not work with the product if you are feeling sick, tired or in influence of alcohol. Nor if you are under the influence of strong medications or drugs, suffering from strong depression or severe mental illness. Always follow the general traffic rules and regulations during relocation of the product and the rules of the Animal Welfare Act.

Warning!

The product must not in any circumstances be modified without permission from the manufacturer. Unauthorized modification of the machine and/or accessories can cause fatal injuries or death to operator or others.

***Kellfri disclaim any responsibility for self-made modifications, changes or alterations.
Kellfri AB disclaims responsibility for the animals and their behavior.***

Safety Information when using the product

- Always make sure that suitable pole and cavaletti blocks are use to ensure function and safety of the animals.
- Always follow the rules in the animal welfare act.
- Always check that the cavaletti jumps/blocks are not damage before use.
- Broken or cracked blocks should never be use!
- Use only suitable poles, cracked or broken poles should never be use!

Incase of emergencies

In case of an emergency please dial 112.

Keep cell phone or emergency phone available specially when working alone. First aid kit and fire extinguishers must be kept easily accessible during all work, maintenance and service.

PERSONAL PROTECTION

Always wear suitable clothing and footwear. Wear protective gloves, hearing protection, eye protection and protection mask should be use when necessary.

Warning!

For safety, this product should only be used in the manner described in this manual. The user is responsible for the instruction to be read through and followed.

SAFETY MEASURES BEFORE OPERATING

Read the safety information and instruction manual carefully. Be sure you understand the safety measures, instruction manual and warning labels. Use common sense when operating the machine and use appropriate personal protective equipment. Do visual inspection of equipment or product before use. Fix or replace damaged or worn parts immediately to reduce the risk of injury. Check that all screw-nuts and bolts are tightened.

The product should not be taken into use unless it can be done in a safe way for the user.

- Always check the product before it's placed in place.
- Damage or cracked poles or blocks should **NEVER** be use. Risk to severe injuries for the animals

Warning!

Never use a equipment or product with defect safety equipment.

TRANSPORT AND STORING

Make sure there are no people, children and foreign objects around the area before transporting the machine. Always take an extra caution during the transport. Ensure that the product is well secured and that transport brackets are mounted. Always place the load as low as possible. Respect the danger zone even during transport. When lifting the equipment, never go underneath suspended loads. Trailer used for transport should have working brakes.

Always store the product in a dry place preferably underneath a cover when not in use. Ensure that the product is stable and not likely to tip over. Never let children play where the machine is being stored. Always keep in mind the risk of tipping!

USE

When using the cavaletti jumps, make sure that they are standing on a stable and flat surface,

Adjust the poles on preferred height.

RECYCLING

Disposal of the product, disassemble and transport to the municipality's recycling station. Contact your local authority for further information.

Kellfri AB is working continuously to develop their products and therefore reserves the right to modify, among other things, the design and appearance without any further notice.

TRANSPORT AND STORING

DEVIATION FORM

We are grateful for your help in pointing out any defects in the product supplied to you by Kellfri. Before making a claim, read Kellfri's general purchase terms and conditions in our catalogue or on our website www.kellfri.co.uk, and in the operating manual if supplied. The manual can also be downloaded from manual.kellfri.co.uk

Please fill in the details below and attach photos as documentation so that we can process your case optimally. In order for us to obtain as good an understanding as possible of any faults, please take at least four photos of the defective parts of the machine/equipment; two of the entire equipment from two different angles and two close-ups of the actual damage from two different angles. (Feel free to attach photos on the next page.)

If the product was purchased from a dealer, please contact the dealer in the first instance.
